AI PROMPTS AND VIDEOS

IF YOU HAVE ALREADY TRIED THIS

You have used AI and it did not save you any time

You typed in a prompt but it wasn't what you really wanted and you spent the next 20 minutes trying to get it right only to think it would be faster just to do it myself

You have been to the district AI training and you still do not know how to make it work in your classroom.

**The tool is not the problem.
It does not know your grade,
your students, or how you
run your classroom.**

This pack sets that up once, in about 15 minutes, and then hands you the prompts to use with it.

What's included

- | | |
|--|--|
| 6 short video lessons, two setup and four you pick from | 4 fill-in-the-blank prompt docs in Google Docs, each set to make you your own copy |
| 1 printable one page flow map, which AI tool to open for which job | 1 teacher profile template the AI keeps, so it stops guessing about your class |
| 1 prompting framework, the part that changes what you get back | 3 classroom prompts: warm ups and exit tickets, a reusable rubric, a behavior tracker |
| 1 PDF with your link and password, so everything lives on one page you bookmark | 1 free Claude account, which takes about two minutes to make. Nothing to install |

NO PREP

WORKS ON CLAUDE'S FREE PLAN

TAKE A CLOSER LOOK

Six short videos, watch once and use all year

Six video lessons designed for the science teacher. The first two are the setup and they go in order. Everything after them is a menu you pick from, in any order you want.

1 Build your teacher profile

2 What makes a good prompt

3 Bell ringers and exit tickets

4 Rubrics

5 Student behavior tracker

6 Which AI tool for which job

TAKE A CLOSER LOOK

The prompts you fill in and paste

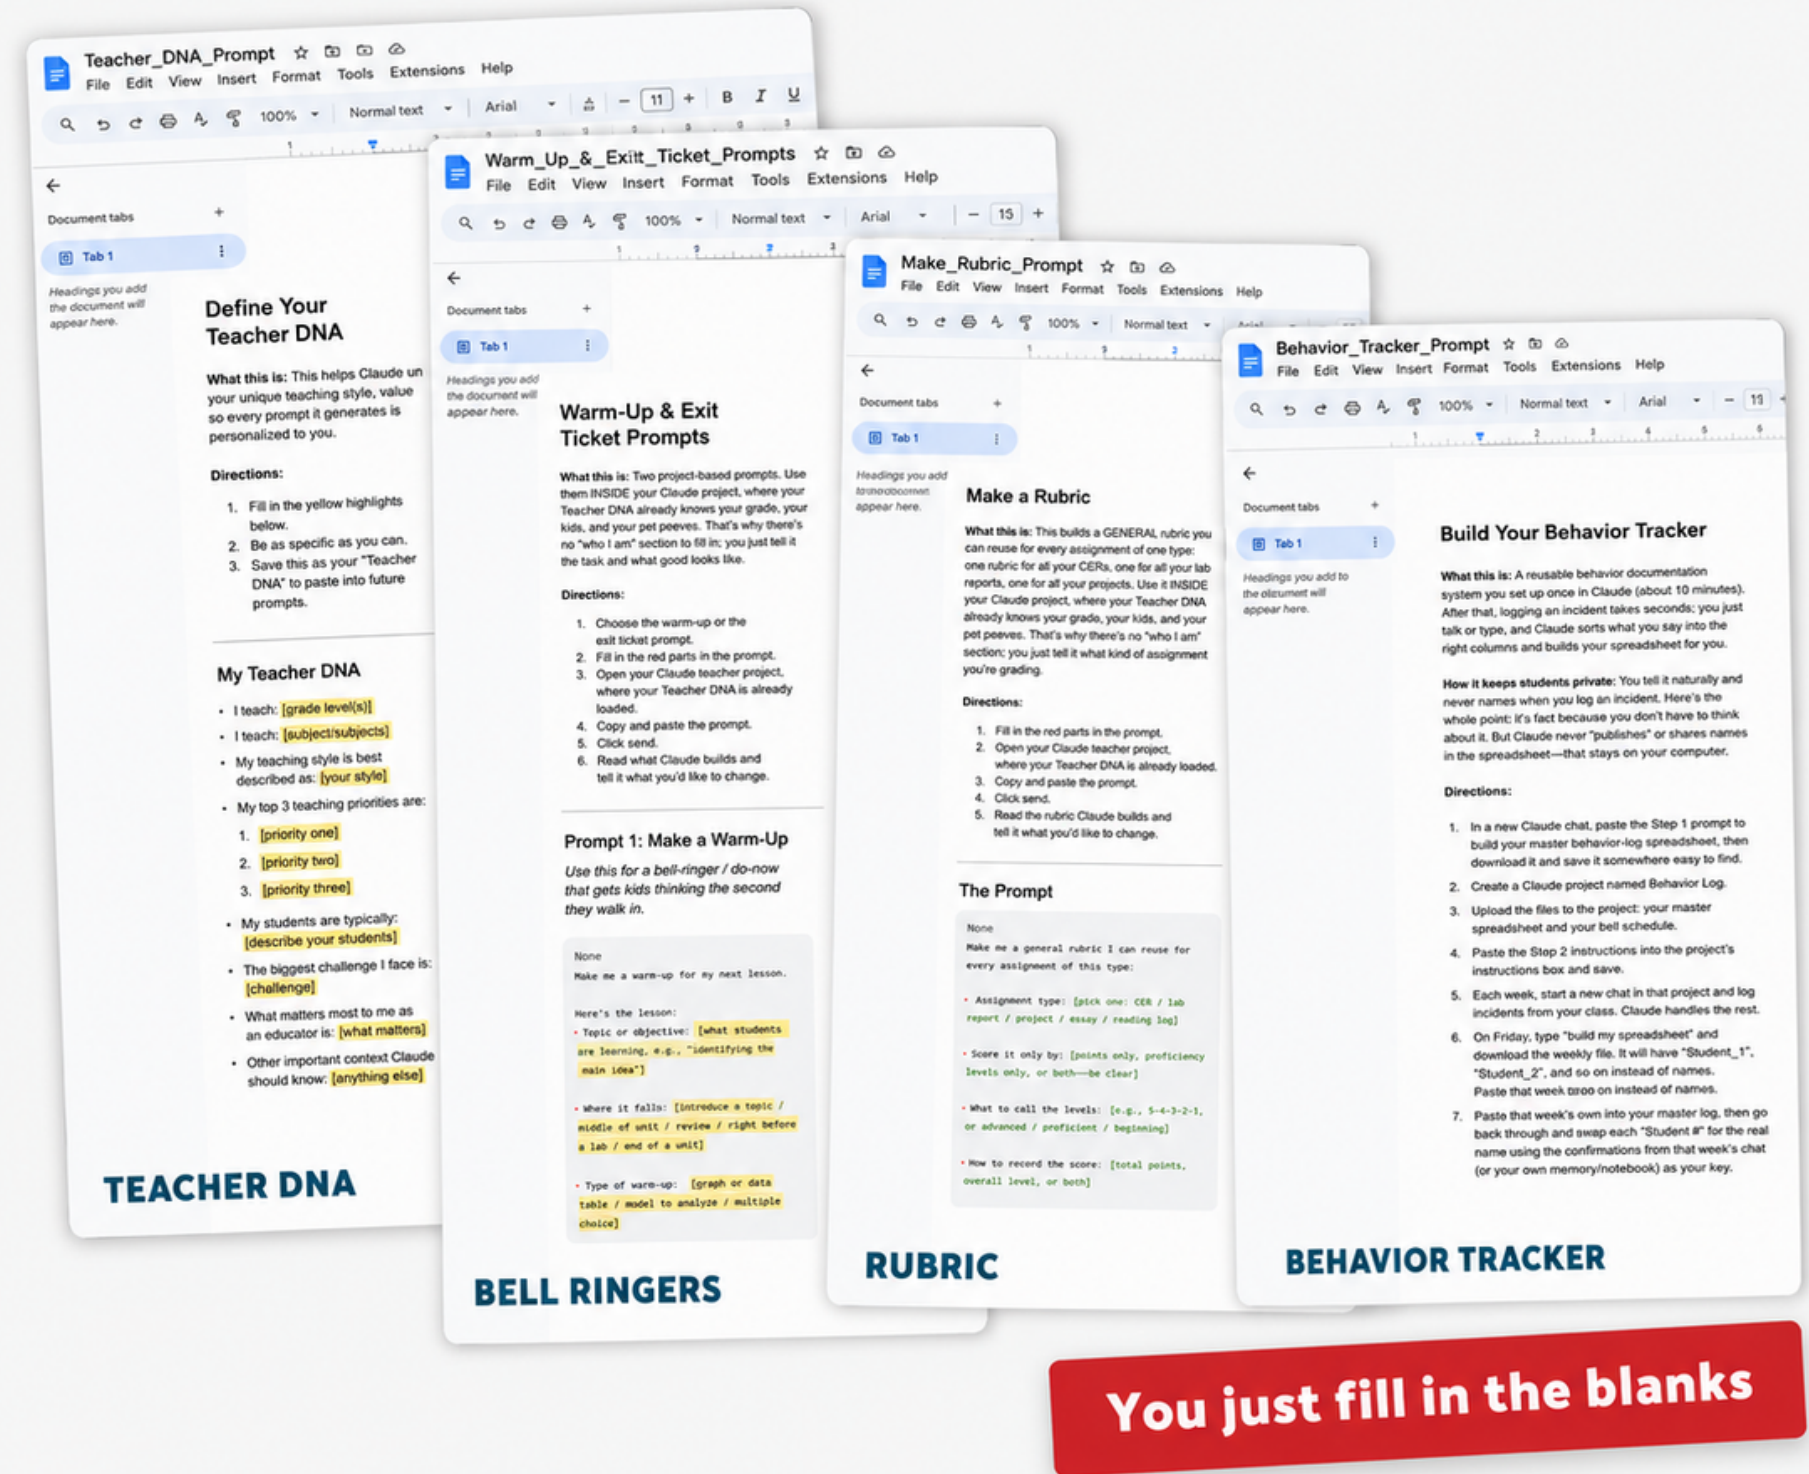

Four Google Docs, each set to make you your own copy. You are never editing the original.

- › **Fill in the highlighted parts.** Your grade, your assignment, your pet peeves.
- › **Paste it into your project.** The profile you built is already loaded, so you never retype who you are.
- › **Read what comes back and tell it what to change.** Do not stop at the first draft.

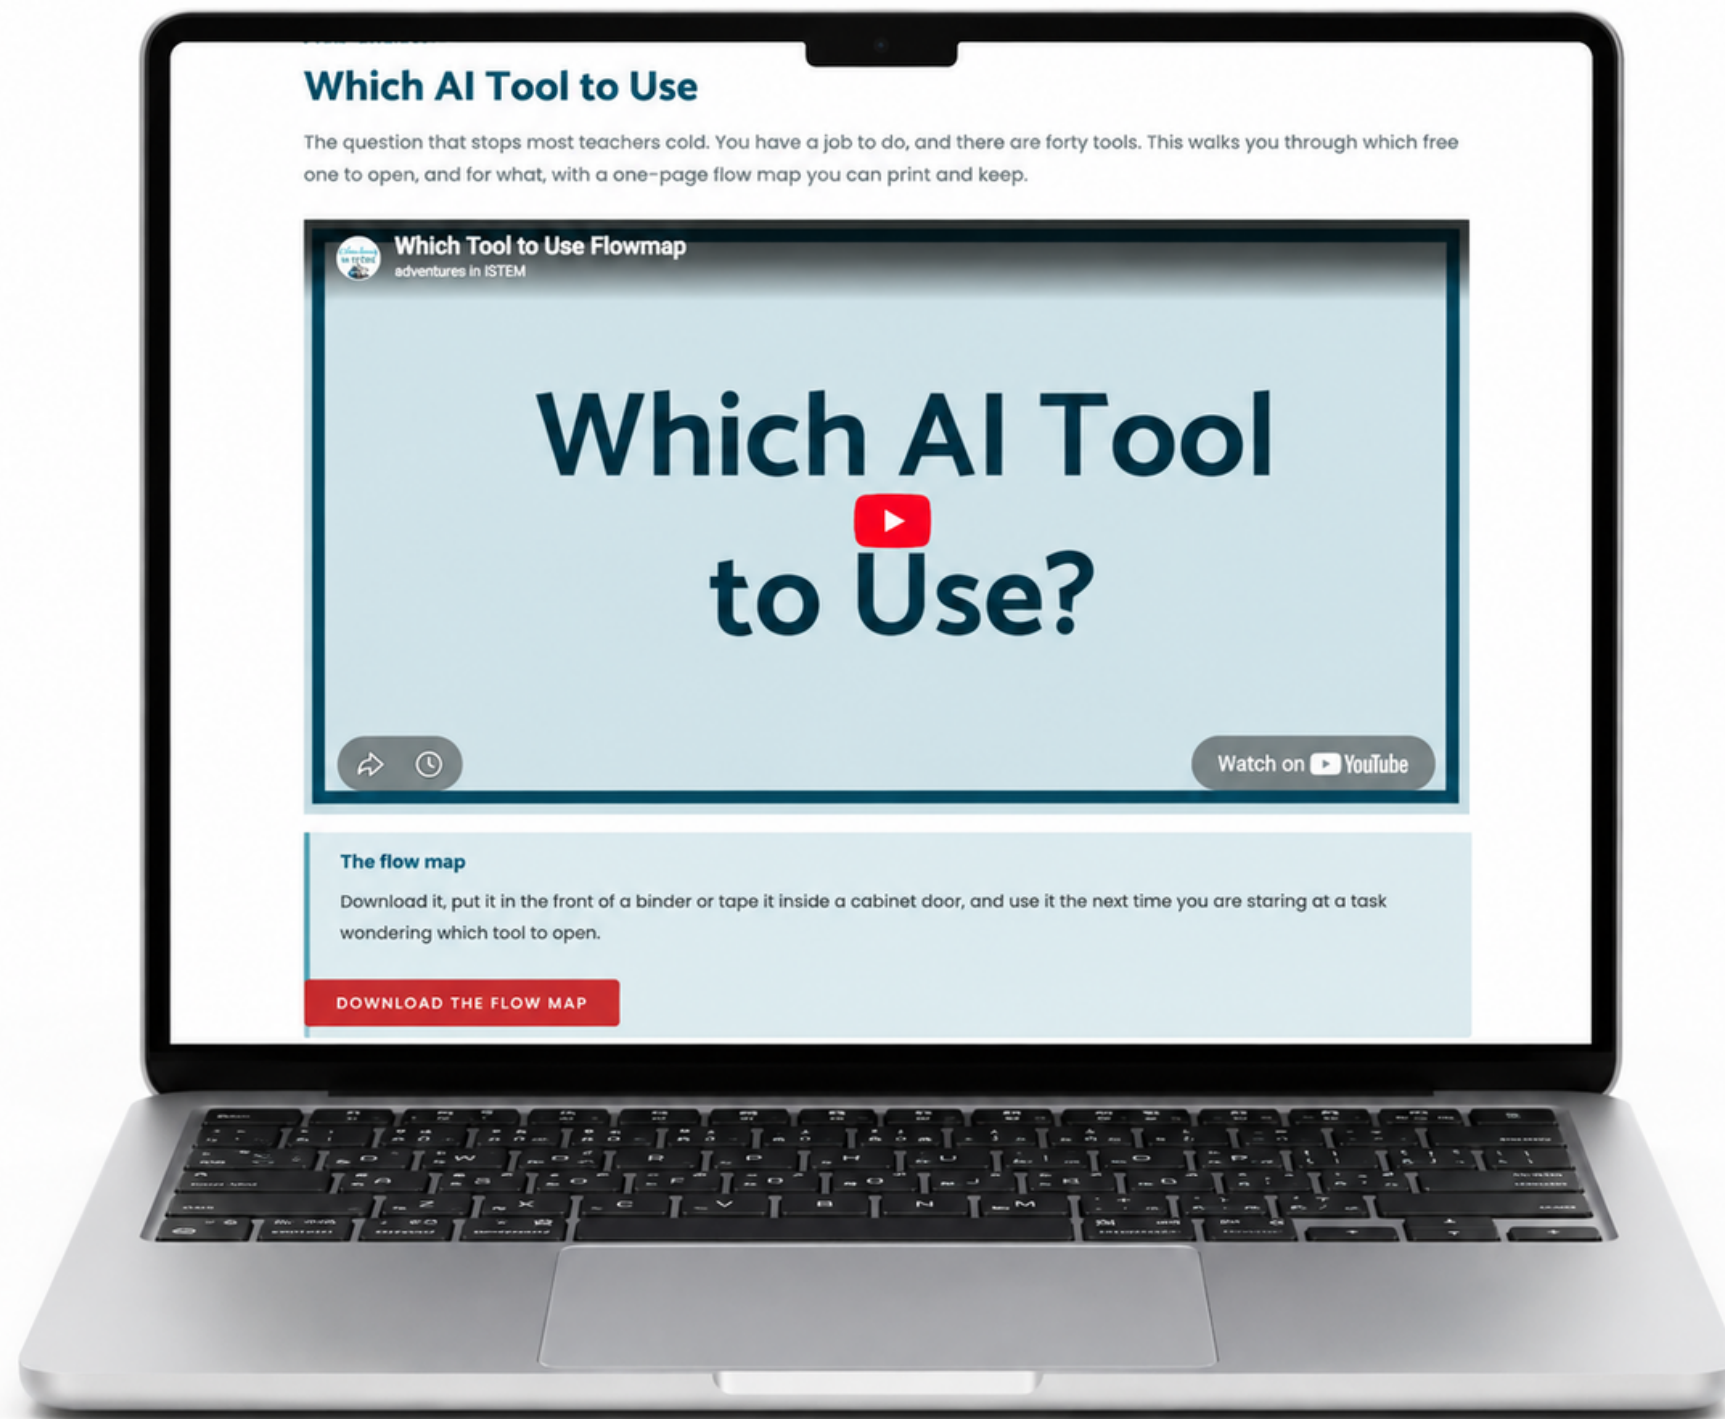

Nothing to write from scratch

You are filling in blanks, not staring at one.

FILL-IN-THE-BLANK AI PROMPTS

WHICH AI TOOL FOR WHICH JOB

TAKE A CLOSER LOOK

Which AI tool for which job

The question that stops most teachers cold. You have a job to do and there are forty tools.

- › **Which free tool to open**, and for what
- › **A one page flow map** you print once and keep
- › **Tape it inside a cabinet door** and stop opening five tabs to find out

The full map is inside

Printable, one page, yours to keep.

BEFORE YOU BUY

Questions teachers ask me first

Do I need a paid AI subscription?

No. Everything here is built for the free plan. You will need a free Claude account, which takes about two minutes, and video one walks you through the setup.

Do I need to know anything about AI first?

No. The first two videos are the setup and they go in order. If you have never opened one of these tools, start at video one.

How long before I can use something?

The setup takes about 15 minutes, once. After that a warm up or an exit ticket takes a couple of minutes.

Do my students use AI for any of this?

No. This is all on your side of the desk. Your students never touch it and never need an account.

Is this printables, or videos?

Six short videos, four prompt docs you fill in, and one printable flow map. The videos are the teaching, the prompts are the doing.

Is this only for science?

It is written for the middle school science classroom, and nothing in it is subject locked. The profile you build is what makes it yours.

SIX SHORT VIDEOS

- 1 Build your teacher profile
- 2 What makes a good prompt
- 3 Bell ringers and exit tickets
- 4 Rubrics
- 5 Student behavior tracker
- 6 Which AI tool for which job

Watch once, use all year

SET IT UP ONCE. USE IT ALL YEAR.

How to access the product

01

Download the PDF

02

The link to the product and passcode are in the pdf

03

Open the link and bookmark it

04

Watch videos one and two and build your profile

05

go through the other videos and prompts to help turn AI into your teaching assistant
